

INNOVATIVE TECHNICAL DIVING

ANDI International, established in 1988, is one of the leading recreational and technical diver training organizations of the World. ANDI Europe started in 2006 in the major parts of western and eastern Europe, offering recreational and technical diver (instructor) training. ANDI Europe was the first technical training agency to receive the CE approval. The ANDI Europe Head Quarters are in The Netherlands.

WHY CHOOSE ANDI EUROPE?

FOR THE DIVER:

- Safety first for handling under water emergencies through the use of redundant breathing systems
- Safety first through the use of the highest breathing gas standards
- Safety first through the use of highly qualified instructors (trainers)
- ANDI takes the diver seriously: skills and theory are NOT restricted to the bear minimum

FOR THE INSTRUCTOR (TRAINER):

- The ANDI systems promotes MORE time with the instructor, which facilitates course and equipment sales
- Instructors receive the same training all over the world: peer instructors are really peers!
- ANDI takes the instructor seriously; skills and theory are NOT restricted to the bear minimum. The instructor can be proud of the material provided

FOR THE FACILITY:

- All ANDI Instructors must be associated with an ANDI facility
- ANDI supports a pricing structure for courses
- ANDI's high standards for training and gas production will set an ANDI Facility apart as customers recognize and value the difference
